whenever you see a need.**

First Day School Meeting

*First Day School  
Meeting - a community  
of Friends.*

# Thank you for all you taught us.

*April Fools Potluck & Quaker Jeopardy*

Dear Friend,

Congratulations! After all these years of learning about our unique community in First Day School, you are ready to move on to a new step in your life's path. Where do you think that step might lead? I know that those who have come to know and love you at Meeting have our own hopes and dreams for your life's path, but what

*The FDS Clerk*

matters now is where *you* think you are going. After all, there is a whole itinerary to plan: Will you be traveling alone or will you welcome others on your journey? Do

*The Yard Sale*

you think you will be taking a one-way trip – or maybe making a return journey from time to time? Maybe you have no plans to leave a place you have come to know and love. Or maybe you just want some time to think about these questions.

In the coming years, I hope you will think of Meeting as one of your homes – a home for your spirit. Just like the home where you live, sometimes you want to be there, but alone with your thoughts; and sometimes you will want to be with

everyone you know and love. That's the way it is with family, after all. Just remember that the path you take today away from the Meetinghouse also can return you to us at your Meetinghome – as soon as tomorrow. I hope you will keep bringing your unique gifts and talents to our community. Let your Light shine!

And, as always, thank you for everything you have done in the Life of our Meeting.

Mark Conley, Clerk,  
Providence Monthly Meeting,  
June 6, 2010
